

TOWN OF PERRY

POLICY 2017-1

WISVOTE POLICY

Prepared by: Mary Price, Clerk, and Stephanie Zwettler, Deputy Clerk
Adopted by Board: September 12, 2017
Effective: Immediately

Purpose:

This policy is intended to inform voters that any phone and/or email contact information from voter paper registration forms will be omitted when voter registrations are entered into the WisVote database.

Definition:

As a response to possible public reluctance in providing non-required data such as a phone number and/or email address due to potential national sharing, this policy aims to omit such data collected from paper voter registration forms that are keyed into the WisVote database, formerly known as Statewide Voter Registration System.
