Subject: RE: Proximity notice

“James, The proximity notice shows up because of the intermittent stream starting in the woods and flowing northwest. Lands within 300 feet of the stream are subject to shoreland zoning regulation. This will not impact any vacation of the right-of-way of Moen Rd.            Hans. “

Clerk Mary Price sent a request on Feb. 18, 2025 for a review to determine wetland delineation, potential impact, and navigability determination per WI §66.1006. The DNR response has not been received.

The Town Board discussed potential steps to approve the discontinuance with contingencies.
